The Digital Education Accelerator

If you have a digital education prototype or solution that you want to scale across Europe, challenge it in different education and training contexts, and ultimately grow your innovation, this Accelerator Programme is for you.

Duration 6 months: 06/2023 – 01/2024 (incl. summer holiday)

The programme offers you

- Training and mentoring focused on educational development business growth
- Testing your prototype in an innovative learning lab or in a real-life setting
- Peer learning and community building in an entrepreneurial spirit
- Showcasing at a pan-European level

[Click here to join the Hub](#), read more about the Accelerator and apply until May 7th 2023.

The Accelerator Programme was very flexible and it really supported us to focus, to see where we are heading.
